Recent philosophy graduate turned engineer seeking full-time opportunities as a full stack software developer.

EDUCATION

General Assembly — San Francisco, CA
Software Engineering Immersive – 480 hour – 12 week program — June 2020 - Sep 2020

University of Miami — Coral Gables, FL
Bachelor of Arts in philosophy with departmental honors – 3.97 Major GPA — Dec 2019

PROJECTS

Charlotte Resnick Yoga — PostgreSQL, Expressjs, React, Nodejs
Full stack platform for personal yoga teaching business — www.charlotteresnickyoga.com
- **Responsive**: Built mobile responsive interface on both the administrative dashboard and user facing storefront.
- **Payment processing**: Utilized Stripe's API to allow users to sign up and pay for classes in app over SSL.
- **JWT Auth**: Implemented JSON Web Token authentication for route protection and admin only functionality.
- **Admin Dashboard**: Built backend service to enable creation and modification of classes, users, and messaging.

Where2Watch — PostgreSQL, Expressjs, React, Nodejs
Full stack application for browsing streaming service content — www.github.com/charlotteresnick/where2watch
- **Session Based Authentication**: Implemented session based authentication to manage active users.
- **Mobile Design**: Created a mobile responsive interface using Chakra UI to enable users to browse media across multiple streaming services.

Drink Finder — Postgres, Expressjs, Nodejs
Full stack application for browsing and saving drink recipes — www.github.com/charlotteresnick/Drink-Finder
- **REST API**: Ingested and cached publicly available API of drinks, and allowed users to save and share recipes in a streamlined fashion.
- **User authentication**: Permitted users to register and login with username and hashed/salted password combination.

Caterpillar — JavaScript, HTML, CSS
Clone of popular game 'snake' — www.github.com/charlotteresnick/caterpillar
- **Event Loop Driven**: Learned about the event loop and how to properly time events to be triggered within the Javascript runtime.
- **Mobile Friendly**: Implemented key stroke based as well as mobile touch based gameplay.

EXPERIENCE

Highwire PR — San Francisco, CA
PR Associate — Jan 2020 - April 2020
- **Pitching/Writing**: Wrote pitches for security and enterprise technology clients. Secured coverage in the Financial Times and Wall Street Journal. Contributed to enterprise CEO thought leadership messaging and social content.
- **Account Management**: Compiled call agendas and oversaw the completion of weekly tasks and deliverables. Acted as liaison between social team and broader PR team.

Ninja RMM — San Francisco, CA
Product Marketing Lead — Mar 2017 - Jul 2017
- **MSP to RMM transition**: Collaborated with marketing team on email campaigns during company transition from MSP to RMM services.
- **Marketing research optimization**: Analyzed previous marketing outcomes and conducted strategy research to increase sales conversion rates.

CorEdge Talent — San Francisco, CA
Research Intern — Jun 2019 - Aug 2019
- **Copywriting**: Wrote web and sales copy. Conducted market research, attended product and branding meetings.
